Agenda Item(s)	7. A - Administrative item Loading /unloading zones along Flagler Avenue
Comments on Agenda Item(s)	<p>I have communicated to the mayor and some commissioners with my concerns on this item. I would like to make comments for public record.</p> <p>I recently submitted a petition from neighborhood residents concerning parking, traffic and safety issues in the neighborhoods around Flagler Ave. (Submitted along with petition for stop sign on N. Pine St.) Within the text of the petition it specifically stated "safety concerns with large delivery trucks which prohibit safe travel on our residential streets. We would like to see a delivery truck route using S. Atlantic Ave. to/from businesses on Flagler without using nearby residential streets, with merchant support/cooperation. We would like to see consistent enforcement of the parking and speeding issues". We support the delivery truck zone. So I would ask that along with the delivery loading/unloading zones a specific truck route be established. (without using residential side streets). Enforcement is crucial. Thank you.</p>

THIS is tourist revenue based city which hardly has any current tourists and is losing billions of dollars every week. The city is mostly shut down/closed. Even drive thru businesses are not doing as well as when stores/restaurants are fully open & doing business as generally usual. How long are you going to keep this city basically shut down? It's time to open places with reasonable safety precautions including restaurants, banks, credit unions, etc.
